

Drafter / Designer

Schumacher Elevator Company is looking for a talented mechanical or architectural Drafter/Designer to work with an inspired multidiscipline team of professionals developing custom passenger and freight elevators. The successful candidate will be a self-motivated team player with an eye for detail and a drive for continuous improvement.

What you need for this position:

- Minimum 2-Year Associate Degree in Drafting/CAD or equivalent experience
- Excellent problem-solving abilities and attention to detail
- Solid interpersonal communication skills
- Strong understanding of design software (Inventor & AutoCAD preferred)

What you'll be doing:

- Reading architectural and structural prints for drafting and design of elevators and components
- Utilizing AutoCAD and Inventor for drafting required prints
- Working within our SAP software
- Researching products for custom applications
- Following projects through from design to installation, communicating with customers, general contractors, office and field personnel

What will move you to the top of the list:

- Demonstrated leadership
- History of contributing to process improvement initiatives
- Experience in a project management focused company

The details:

For over 85 years Schumacher Elevator has been a well-known and respected family owned and operated company that designs, manufactures, installs and services custom passenger and freight elevators.

Position is full-time, first shift. We offer a competitive wage and benefits package that includes medical, life and disability insurance, 401(k), PTO, paid holidays and bonus eligible. Post-offer background check and drug screen required. We are an Equal Opportunity and Affirmative Action Employer.

How to Apply:
